CORPORATE OUTREACH AND LEAD GENERATION REPORT

1. EXECUTIVE SUMMARY

This report presents the corporate outreach and lead-generation activities undertaken by Epahubb under Project 50K.

The exercise focused on introducing Epahubb's software solutions to potential customers, identifying organisations with operational and technology needs, engaging business owners and institutional representatives, and identifying opportunities for demonstrations, future proposals and business partnerships.

A total of **40 organisations were contacted**. Of these, 20 were physically visited, while conversations were held with representatives of the other 20 organisations.

The outreach identified opportunities in the education, hospitality, retail, beauty, healthcare and business sectors. Several organisations expressed interest in learning more about Epahubb's products, while others indicated that they were not interested at this time.

The strongest opportunities identified include schools considering Epasmart, a potential software collaboration with Frimpong Laundry, and businesses requiring further discussion about digital solutions.

Ten proposed follow-up visits have also been prepared for November 2026. These dates are proposed and require confirmation from the respective organisations.

The report concludes with a prioritised prospect list, commercial estimates based on Epahubb's current pricing, and recommendations for converting prospects into paying customers.

2. OBJECTIVES OF THE OUTREACH EXERCISE

The objectives were to:

1. Introduce Epahubb and its products to potential customers.
2. Identify organisations with problems that can be addressed through software solutions.
3. Engage business owners, headmasters, managers and other relevant representatives.
4. Identify interested prospects and potential business partnerships.
5. Arrange follow-up discussions and product demonstrations.

6. Identify opportunities that can advance to commercial proposals and negotiations.
7. Build a pipeline of potential customers for Project 50K.

3. OUTREACH ACTIVITY SUMMARY

Activity	Result
Total organisations contacted	40
Physical organisational visits	20
Other organisational conversations	20
Proposed follow-up visits	10
Detailed engagement outcomes documented	9
Priority commercial and partnership opportunities identified	5

Outreach date: 6 November 2026.

The 20 physical visits involved direct engagement with organisational representatives. The remaining 20 organisations were contacted through conversations, and the user reported that they were not interested at the time of contact, subject to the individual engagement details recorded in this report.

4. COMPLETE ORGANISATION OUTREACH REGISTER

The following register documents the 40 organisations contacted during the outreach exercise.

No.	Organisation	Contact person / position	Contact number	Outreach status
1	Maggiefrimps Company Limited	RTI Manager / IT Manager	0244561567	Physically visited
2	Marthin Luther Complex	Headmaster	0249373187	Physically visited
3	Peesis Services	Owner	0530641126	Physically visited
4	Frimpong Laundry	Owner	0201825393	Physically visited
5	Lighthouse Preparatory School	Headmaster	0244433312	Physically visited
6	Billbarbs Pharmacy	Owner	0544076390	Physically visited
7	Solo Barbering Shop	Owner	0242787152	Physically visited
8	Ayeforo Beauty Parlour	Owner	0596686853	Physically visited
9	Good Foundation International School	Headmaster	0241383334	Physically visited

10	Emmanuel Presby Academy	ICT Teacher / IT Head	0246681987	Physically visited
11	Tongyina Hotel	Owner	0244233858	Physically visited
12	Next Level Beauty Salon	Owner	0502896861	Physically visited
13	Saint Paul's International School	Headmaster	0244673756	Physically visited
14	Living Foundation International School	Headmaster	0555911201	Physically visited
15	Cindy Cosmetics Shop	Owner	0247788387	Physically visited
16	Pharmleads Pharmacy	Owner	0208390727	Physically visited
17	Amazing International School	Headmaster	0542709266	Physically visited
18	Belge Hopeland Educational Complex	Headmaster	0593564623	Physically visited
19	Royal Nicky's Academy	Headmaster	0242631690	Physically visited
20	The PSCM Villega	Andy Aikins, CEO	0595718540	Contacted; not interested at the time
21	F. Wussar-Narh Associates	Francis Wussar-Narh, Owner	0277802913	Contacted; not interested at the time
22	TABS Enterprise	Edward Kofi	0277784573	Contacted; not interested at the time
23	Chobolobo Enterprise Ltd.	Ms. Comfort Hartmann, Director/CEO	051280484	Contacted; not interested at the time
24	Cashew Nut Export and Importation	Philip Johnson	0247766326	Contacted; not interested at the time
25	Anagen Haircare	Owner	0245182229	Contacted; not interested at the time
26	Auduluxe Enterprise	Owner	0503574451	Contacted; not interested at the time
27	G's Sip and Bite	Owner	0594198576	Contacted; not interested at the time
28	O. Ansah Company Ltd.	Joe Owusu-Ansah, Director/CEO	0244680668	Contacted; not interested at the time
29	Wide Trend World Enterprise	Frimpong Frank	0244258222	Contacted; not interested at the time
30	Kingnuri Carvings and Trading Enterprise	Nurideen Mohammed	0244757710	Contacted; not interested at the time
31	Shaddis Company Limited	Alhaji Kabir Idri	0244464169	Contacted; not interested at the time
32	Golden Bean Hotel	General Manager	0557624645	Contacted; not interested at the time

33	Ridge Condos	General Manager	0591585979	Contacted; not interested at the time
34	Lancaster Kumasi City	General Manager	0308249803	Contacted; not interested at the time
35	Trustcare Specialist Hospital	Hospital Administrator	0322034421	Contacted; not interested at the time
36	NGIS Group	Managing Director	0322091608	Contacted; not interested at the time
37	Metro Health Hospital	Hospital Administrator	0241850091	Contacted; not interested at the time
38	Trust Way Hospital	Hospital Administrator	0322496639	Contacted; not interested at the time
39	Boyos Bite Restaurant	Owner	0246068697	Contacted; management discussion pending
40	Nana Mensah's Mart	Owner	0242767239	Physically visited

Note: Contact details are reproduced from the supplied outreach register. The outcome column reflects the information provided about the outreach exercise. Specific engagement notes in Section 5 should be used where they provide a more detailed account than the general register status.

5.SELECTED DETAILED OUTREACH ENGAGEMENTS AND OUTCOMES

The following engagements provide details of the discussions, organisational needs, level of interest and next steps.

5.1 Lighthouse Preparatory School

Contact: Headmaster
Product introduced: Epasmart School Management System

The headmaster showed interest in learning more about Epasmart and invited Epahubb to return to the school to demonstrate the system. The representative indicated that the product could be demonstrated at a convenient time the following week.

Opportunity: School management system implementation.

Next action: Contact the headmaster to agree on a demonstration date and present the system's features and benefits.

Sales stage: Demonstration opportunity – date awaiting confirmation.

5.2 Marthin Luther Complex

Contact: Headmaster
Product introduced: Epasmart School Management System

The headmaster requested that Epahubb return to demonstrate the system and explain its importance to the school before a decision is made.

Opportunity: Potential implementation of Epasmart.

Next action: Arrange a demonstration and discuss the school's current administrative processes.

Sales stage: Demonstration opportunity – date awaiting confirmation.

5.3 Saint Paul's International School

Contact: Headmaster
Product introduced: Epasmart School Management System

The headmaster expressed interest in the system. The discussion also identified challenges relating to manual attendance and student score recording.

These operational challenges present an opportunity for Epasmart to improve the school's record management and administrative processes.

Opportunity: School management and academic records automation.

Next action: Conduct a product demonstration, assess the school's requirements and prepare a commercial proposal.

Sales stage: Interested prospect – requirements assessment and demonstration required.

5.4 Living Foundation International School

Contact: Headmaster
Product introduced: Epasmart School Management System

The school currently uses a student management system but experiences difficulties with adding parents to the system. The headmaster requested that Epahubb follow up when the next academic term begins.

Opportunity: Potential improvement or replacement of the school's existing student management solution, particularly in parent management.

Next action: Re-engage the headmaster at the beginning of the next academic term, demonstrate Epasmart's relevant capabilities and assess whether the school is willing to consider an alternative system.

Sales stage: Future opportunity – next-term follow-up.

5.5 Belge Hopeland Educational Complex

Contact: Headmaster
Product introduced: Epasmart School Management System

The headmaster indicated that the proprietor must first be consulted before the school can make a decision.

Opportunity: Potential school management system implementation.

Next action: Follow up after the headmaster has discussed the product with the proprietor. Request a meeting involving the relevant decision-maker.

Sales stage: Internal approval pending.

5.6 Frimpong Laundry

Contact: Owner
Opportunity type: Software collaboration / partnership

The owner has an IT background and develops software independently. Despite this, the owner expressed willingness to explore collaboration with Epahubb.

This presents a potential strategic partnership opportunity rather than a straightforward software sale.

Next action: Arrange a discussion to explore areas of collaboration, responsibilities, project opportunities and possible commercial arrangements.

Sales stage: Partnership discussion.

5.7 Emmanuel Presby Academy

Contact: ICT Teacher / IT representative
Product introduced: Epasmart School Management System

The headmaster was unavailable during the visit. The ICT teacher received Epahubb's contact information and indicated that he and other teachers were interested in the system. They would contact Epahubb when the headmaster returned.

Opportunity: Potential school management system implementation.

Next action: Follow up with the ICT teacher and arrange a discussion with the headmaster.

Sales stage: Initial interest – decision-maker engagement pending.

5.8 Next Level Beauty Salon

Contact: Owner
Product introduced: Business website solution

The owner received the proposal positively but was occupied and requested that the discussion continue at a later time. The potential cost of developing a website was identified as an important consideration.

Opportunity: Business website development.

Next action: Follow up with the owner, establish the required website features and present an affordable quotation.

Sales stage: Preliminary interest – pricing and requirements discussion pending.

5.9 Boyos Bite Restaurant

Contact: Assistant Manager
Product introduced: Epahubb business solutions

The assistant manager showed interest but indicated that the matter would need to be discussed with the manager before a decision could be made.

Opportunity: Potential business software or digital solution, subject to management requirements.

Next action: Arrange a meeting with the manager to establish the restaurant's needs and determine which Epahubb product would be suitable.

Sales stage: Initial interest – decision-maker approval pending.

5.10 Anagen Haircare

Contact: Owner / Brand Ambassador
Product introduced: Business website development

During the engagement, Epahubb introduced its website development services to the owner/brand ambassador. The owner asked which type of website would best suit her business. An e-commerce website was recommended because it would allow the business to showcase products and facilitate online purchases.

However, the owner expressed concern that the proposed e-commerce website was expensive. Epahubb is therefore considering an alternative portfolio website that would provide an affordable online presence for the business while showcasing its brand and products.

Opportunity: Business website development.

Next action: Follow up with the owner to discuss the portfolio website option, present its benefits and obtain her final decision.

Sales stage: Interested prospect – price-sensitive; alternative solution under consideration.

6. PRIORITY COMMERCIAL OPPORTUNITIES

The following five opportunities have been selected for priority follow-up based on the discussions and potential business needs identified.

Priority	Organisation	Opportunity	Current position
1	Saint Paul's International School	Epasmart implementation	Headmaster interested; manual recordkeeping challenge identified
2	Lighthouse Preparatory School	Epasmart implementation	Headmaster invited Epahubb to demonstrate
3	Marthin Luther Complex	Epasmart implementation	Headmaster requested demonstration
4	Living Foundation International School	Epasmart improvement/replacement opportunity	Existing system has parent-management difficulties
5	Frimpong Laundry	Software collaboration	Owner willing to explore collaboration

These are qualified priority opportunities for further engagement, not confirmed contracts or guaranteed revenue.

6.1 Commercial pricing and estimated values

Epahubb's current pricing structure is:

Product/service	Pricing
Epasmart School Management System	GH₵5 per student per month
Custom software development	GH₵1,000–GH₵3,000 depending on complexity
E-commerce website	GH₵3,000–GH₵5,000

Potential revenue calculations

For schools considering Epasmart:

Monthly contract value = Number of students × GH₵5

Illustrative examples:

Number of students	Monthly value
100	GH₵500
200	GH₵1,000
300	GH₵1,500
500	GH₵2,500
1,000	GH₵5,000

The actual student populations of the prospective schools have not yet been established. Therefore, their contract values will be determined after requirements assessment.

For Frimpong Laundry, the value of a possible collaboration will depend on the agreed scope, responsibilities and commercial arrangement.

For Next Level Beauty Salon, the applicable website quotation will depend on the requested features and complexity. The standard e-commerce website range should only be used if the owner requires an e-commerce website.

Important: No contract has been signed and no revenue from these opportunities is confirmed at the time of this report.

7. PROPOSED FOLLOW-UP AND DEMONSTRATION SCHEDULE

The following schedule has been prepared to guide the next stage of engagement.

No.	Organization	Proposed date	Purpose

1	Maggiefrimps Company Limited	9 November 2026	Follow-up discussion
2	Marthin Luther Complex	10 November 2026	Epasmart demonstration
3	Peesis Services	11 November 2026	Follow-up discussion
4	Frimpong Laundry	12 November 2026	Partnership discussion
5	Lighthouse Preparatory School	13 November 2026	Epasmart demonstration
6	Billbarbs Pharmacy	14 November 2026	Follow-up discussion
7	Solo Barbering Shop	16 November 2026	Follow-up discussion
8	Ayeforo Beauty Parlour	17 November 2026	Follow-up discussion
9	Good Foundation International School	18 November 2026	Epasmart discussion
10	Nana Mensah's Mart	19 November 2026	Follow-up discussion

Appointment status: All ten dates are proposed follow-up dates and have not yet been confirmed by the respective organizations.

The purpose of this schedule is to guide subsequent engagement and convert potential prospects into confirmed meetings, demonstrations and commercial discussions.

8. PRIORITISED FOLLOW-UP PLAN

Priority	Organization	Required action	Expected outcome
High	Saint Paul's International School	Arrange demonstration and establish student population	Prepare Epasmart proposal
High	Lighthouse Preparatory School	Confirm demonstration date and present Epasmart	Move towards requirements assessment
High	Marthin Luther Complex	Confirm demonstration date and explain system benefits	Obtain feedback and buying decision
High	Frimpong Laundry	Discuss partnership structure and possible projects	Identify collaboration opportunity
High	Living Foundation International School	Follow up at start of next term	Assess replacement opportunity
Medium	Belge Hopeland Educational Complex	Contact headmaster after proprietor consultation	Secure decision-maker discussion
Medium	Emmanuel Presby Academy	Follow up with ICT teacher and headmaster	Arrange institutional demonstration
Medium	Boyos Bite Restaurant	Contact management	Identify software requirements
Medium	Next Level Beauty Salon	Establish website requirements and budget	Submit quotation
Medium	Maggiefrimps Company Limited	Revisit previous inventory-management discussion	Establish whether there is a current opportunity

9. RECOMMENDATIONS FOR ADVANCING PROSPECTS

Management is encouraged to prioritise the following actions:

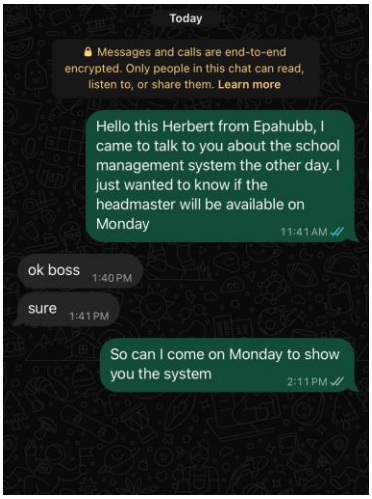

1. **Advance interested schools to demonstrations:** Lighthouse Preparatory School, Marthin Luther Complex and Saint Paul's International School should receive priority attention because their representatives have shown interest in Epasmart.
2. **Prepare school-specific proposals:** Following demonstrations, establish student populations, required modules, implementation requirements and the applicable monthly charges.
3. **Secure access to decision-makers:** Follow up with Belge Hopeland Educational Complex, Emmanuel Presby Academy and Boyos Bite Restaurant to engage the individuals authorised to make purchasing decisions.
4. **Develop the partnership opportunity:** Hold a separate discussion with Frimpong Laundry to determine whether a mutually beneficial software collaboration can be established.
5. **Follow up on future opportunities:** Re-engage Living Foundation International School when the next academic term begins.
6. **Address price sensitivity:** Prepare an appropriately scoped website proposal for Next Level Beauty Salon after confirming the owner's budget and requirements.
7. **Document all subsequent engagements:** Record meeting confirmations, demonstrations, decisions, quotations and follow-up outcomes to support conversion tracking.

10. OUTREACH EVIDENCE APPENDIX

Evidence 1 – Organization 1

Organization: Emmanuel Presbyterian international school

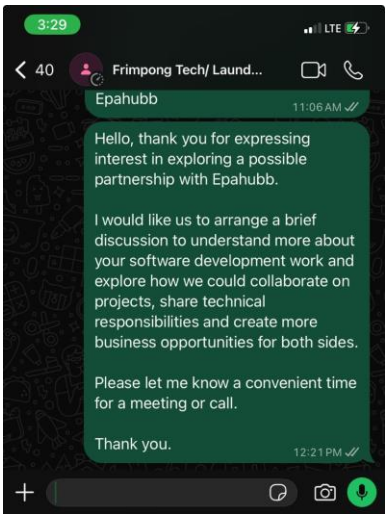

Contact person: ICT teacher/IT head

Evidence 2 – Organization 2

Organization: Frimpong Tech

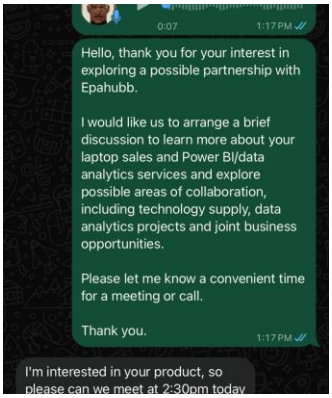

Contact person: Owner

Organization: Nana Mensah's Mart

Contact person: Owner

Evidence 4 – Organization 4

Organization: Marthin Luther Complex

Contact person: Headmaster

Evidence 5 – Organization 5

Organization: Next level beauty parlour

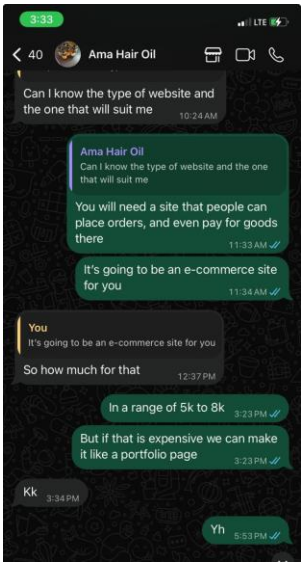

Contact person: Owner

Evidence 6 – Organization 6

Organization: Anagen haircare

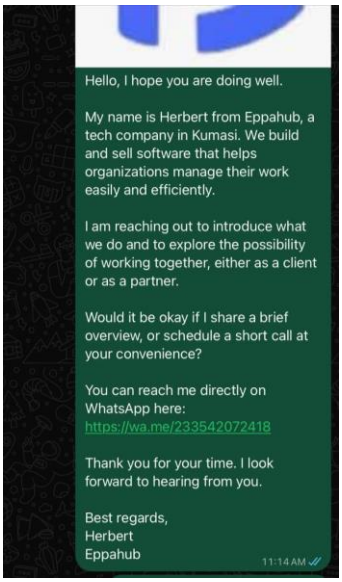

Contact person: Owner

Evidence 7 – Organization 7

Organization: Boyos bite

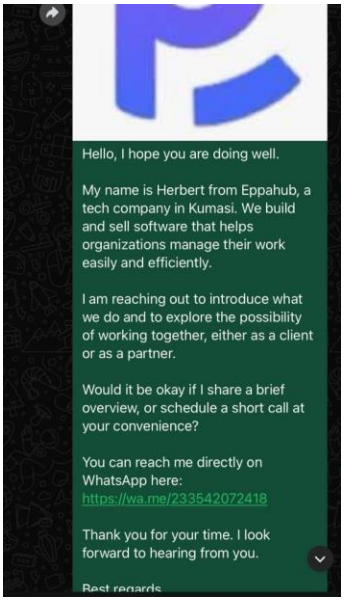

Contact person: owner

Evidence 8 – Organization 8

Organization: Solo barbering shop

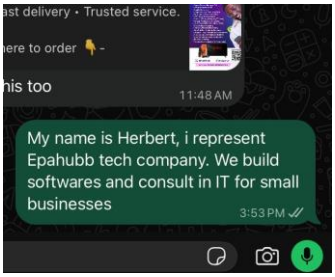

Contact person: Owner

Evidence 9 – Organization 9

Organization: Auduluxe enterprise

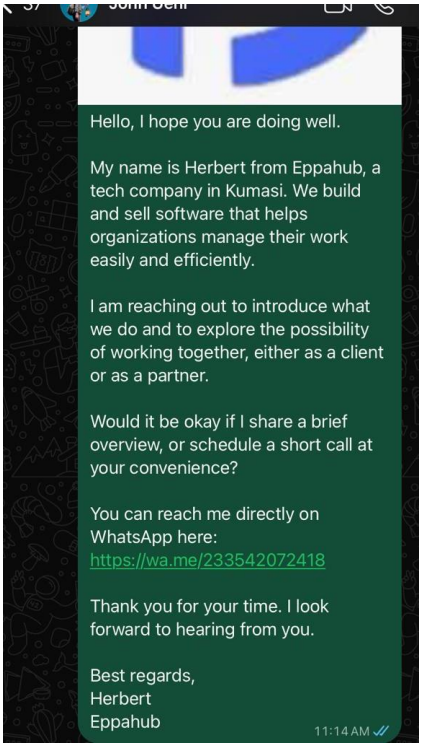

Contact person: owner

Evidence 10 – Organization 10

Organization: G’S sip and bite

Contact person: owner

11. CONCLUSION

The outreach exercise enabled Epahubb to establish contact with 40 organizations across different business sectors and identify several potential commercial and partnership opportunities.

The most promising opportunities are within the education sector, particularly schools that have expressed interest in Epasmart or identified challenges with their current administrative systems. The potential collaboration with Frimpong Laundry also presents an opportunity to explore strategic business relationships.

The next stage will focus on confirming proposed appointments, conducting product demonstrations, gathering detailed requirements, preparing quotations and negotiating with qualified prospects.

The outreach exercise has established a prospect pipeline for Project 50K. Continued follow-up and effective conversion of the identified opportunities will be necessary to translate these engagements into actual revenue.
